## WORK EXPERIENCE

---

### **Freelance Developer**

2024 - present

- Developed small web applications and UI components for individuals and student groups.
- Improved frontend design, responsiveness, and user experience across multiple projects.
- Automated repetitive workflows using **Java**, reducing manual effort.

### **Project Developer (Academic & Personal)**

2023 - present

- Built projects like InterviewAI, Hospital Management System, and Workflow Scheduling System.
- Implemented full-stack features using **React, Node.js, Java, Python, MongoDB, Gemini API**.
- Optimized application performance and project workflows through clean, modular development

## PROJECTS

---

### **Hospital Management System in Java | 2024**

- Developed a Java-based Hospital Management System for managing patient data, doctor assignments, and appointments and Integrated Oracle SQL for efficient data storage, retrieval, and workflow handling.

### **InterviewAI-Smart Interview Preparation Platform using AI | 2025**

- Built a full-stack AI interview platform using React, Node.js, and Gemini for question generation and answer evaluation and Implemented performance tracking, user sessions, and real-time feedback features.

### **Workflow Scheduling System | Ongoing (2025)**

- Collaborating on a workflow scheduling system in Java to optimize task execution in distributed environments. Using algorithmic techniques and cloud-based strategies to improve efficiency and scalability.

## EDUCATION

---

2023 - 2027	Bachelor's Degree at <b>Vasavi College of Engineering</b>	(CGPA: 8.25)
2021 - 2023	Class 12th at <b>SR College</b>	(97.8)
2021	Class 10th at <b>Z.P.H.S</b>	(10.0)

## SKILLS

---

**Languages:** Java, Python, JavaScript, HTML5, CSS

**Frameworks & Libraries:** React, Node.js, BootStrap, PyTorch, TensorFlow, Scikit-learn

**Databases:** Oracle SQL, MongoDB

**Core:** Data Structures & Algorithms, OOPS, Computer Networks, Operating Systems, DBMS

**Tools:** Git, GitHub, VS Code, Postman

## ACHIEVEMENTS

---

**Solved over 500+ DSA questions:** on different platforms like Leetcode, GFG, SmartInterviews

**Infosys-certified** in Java, and Python with practical experience.

**Toastmasters Member (2024)** – Strengthened public speaking, leadership, and communication skills.
